PRESSRELEASE

Following yesterday's suspension of trading in Net Entertainment share

Net Entertainment, a leading supplier of software to the online gaming industry, has grown rapidly over the past years with strong profitability. The market for online gaming is growing rapidly and consolidation of the industry is ongoing.

In line with other companies in the industry, Net Entertainment is continuously evaluating strategic acquisitions. At this moment no concrete negotiations or discussions are ongoing.

Net Entertainment intend to take an active part in the consolidation of the online gaming industry.
