## NetEnt games live on the regulated market in Canada

**Following completed technical integration, a range of NetEnt's popular games is now live with British Columbia Lottery Corporation (BCLC) through an agreement with IGT. This marks the first entry for NetEnt on the regulated market in Canada.**

NetEnt has previously agreed with IGT to supply online casino games to BCLC. The integration is now complete and a range of NetEnt's portfolio of world-leading games is available to BCLC's players through the IGT Connect™ integration layer IGT is providing to the lottery. BCLC is a member of World Lottery Association (WLA), the industry organization for state-authorized lotteries around the world.

**Therese Hillman, Group CEO of NetEnt, commented:**

*"Launching our games to players in British Columbia is an important milestone for us in our expansion in North America. Entering regulated markets is a vital part of our strategy going forward, especially within the WLA segment. I am sure that our exciting games will be much appreciated by BCLC's players."*
