NetEnt games live with Norsk Tipping in Norway

Following completed integration, a selection of NetEnt's award-winning games is now live with Norsk Tipping, the state lottery in Norway, through an agreement with IGT.

In December 2017, NetEnt signed an agreement with IGT to supply online casino games to Norsk Tipping. The integration is now complete and a range of NetEnt's portfolio of world-leading games is available to Norsk Tipping's players through the IGT Connect™ integration layer that IGT is providing to the lottery. Norsk Tipping is a member of the World Lottery Association (WLA), the industry organization for state-authorized lotteries around the world.

Therese Hillman, Group CEO of NetEnt, said: "We are very excited to deliver our games to Norsk Tipping. With Norsk Tipping's strong brand name in Norway, they will be important for us as we continue our expansion within the strategic WLA segment."
